## **Chicago Aldermanic Black Caucus Statement Regarding Adam Toledo Body Cam Footage Release**

---

**Contact: Allyson Scrutchens- 312-391-7221**

We are saddened by the recent events involving Chicago PD and our residents, specifically the tragic loss of Adam Toledo. No family should have to bear witness to the footage released yesterday, and we are truly sorry to the parents, friends, and loved ones of Adam.

We understand the pain of our residents as we all continue to see tragic events like this both locally and nationally. It is our hope to unite our communities, and not leave them in disarray. Our hearts go out to the Toledo family because we truly do feel their pain.

The body cam footage is gut wrenching, and seeing him in that position reminds us of the many others we have seen that way. Our prayers are with both the family and the residents of the Little Village community, as we process the release of this footage.
